OUT OF ZONE

Each year the board will determine the number of places which are likely to be available in the following year for the enrolment of students who live outside the home zone. The board will publish this information on the school website (www.mri.school.nz). The notice will indicate how applications are to be made and will specify a day by which all applications must be received.

Applications for Out of Zone enrolment will be processed in the following order of priority:

Classroom Placements

We want to ensure that your child thrives at intermediate school and feels as if Mt Roskill Intermediate is home.

A lot of time is spent making sure that we have all the information we need about your child as a person and a learner. They can then be carefully placed with the teacher best-suited to their needs and abilities.

In addition to the information you provide and with your permission given via the enrolment process, placement information and data about students enrolled with us is requested from their contributing schools. This helps us know where we can support and extend them and will assist with your child's smooth transition to our school and their class placement

Placement in a class is not final and adjustments are made when and where needed, although we make every attempt to maintain stability.
